

- In capturing this important day in your love story as it unfolds, we can start the coverage with both the Bride and the Groom as you each prepare for your Wedding, continuing through the day capturing the laughter, the tears and all of those spontaneous moments with friends and family.
- Then onto the location shoot with your Bridal Party. Then to your arrival at the reception where we also capture the finer details you have selected to make your Wedding Day uniquely yours.
- Our Wedding packages are designed to offer a professional service that provides value. We attempt to meet your budget and desires without compromising the significant time it takes to offer a wonderful end product.
- The production time to do this is extensive and a high level of quality is maintained. With my packages pick the package that best suits and you can pick and mix other products to cater to your needs.
- **If your budget is from \$999 to \$2999 please see our Anything But Ordinary Wedding Team Packages for more options**
